

# antidoque®

I keep your former beauty for ten years.  
produced by TAKION

## Fummus extract liquid

It can be used on all the scenes  
of cosmetics technology.

### anti chemical program

Please add 2~3cc of Fummus extract liquid to water (500cc) and circulate.  
A scalp becomes soft and it is useful to hair restoration.

### (Directions in the time of permanent wave)

Please add 1cc of Fummus extract liquid each to permanent wave liquid 1 (80cc) and 2 (80cc).  
A stimulus is mitigated sharply and natural gross comes out.

### (Directions in the time of coloring)

Please add 1~2cc of Fummus extract liquid into it after mixing the hair coloring agents 1 and 2.  
A smell and a stimulus are mitigated and it becomes easy to perform a spa treatment.

Please use it after mixing the hair coloring agents 1 and 2 well,  
other wise color shading may come out.

Please use it after mixing a medicine well.

90ml
